Ethan is a respiratory therapist. His story has no place in society. When he and Annie, a naive beauty he has been kind to, start a relationship, Ethan feels his old life slipping away. He is sure he can never break away from the darkness of his past. Annie knows Ethan needs to free himself. She can see the panic in his eyes, but she's not about to go against her sense of justice. She's no stranger to pain, as she lost her virginity at an early age. When she discovers she's pregnant with Ethan's child, she refuses to hand the child over to a stranger. Her past comes back to haunt her, and it's not only her that will be hurt. Not everything goes as planned, and things get even more interesting when Ethan and Annie decide to bind Annie in front of a man who has been stalking her. The person who has been torturing Annie will have to face his own demons, and see how much he wants to 2d92cc491b
